CONFIDENTIAL: This document and all attachments contain proprietary and confidential information of Aurora Capital Management, LLC. Distribution is restricted to the intended recipient only. The information contained herein is accurate as of the date stated and is subject to

change. This document is intended for institutional investors and accredited investors only, and is not for retail distribution.

1. PURPOSE

This Valuation Policy establishes the framework and methodologies used by Aurora Capital Management, LLC to value portfolio company investments held across Aurora's fund vehicles. The Policy applies to all venture capital investments, including equity securities, convertible notes, SAFEs, and any other financial instruments held by Aurora's funds.

2. VALUATION COMMITTEE

The Valuation Committee is composed of Marcus Reeves, Daniel Brenner, and Rebecca Stern. Valuations are reviewed and approved on a quarterly basis. Alpine has noted that the Valuation Committee is comprised entirely of investment professionals and has recommended that Aurora reconstitute the Committee with at least a majority of non-investment professionals prior to final close.

3. VALUATION CYCLE

Frequency	Quarterly (Q1–Q4); Annual for audit purposes
Reporting Date	March 31, June 30, September 30, December 31
Distribution	Included in quarterly LP reports within 60 days of quarter-end
External Review	External valuation agent engagement planned before Fund IV final close
Auditor Involvement	Annual audited financial statements prepared by Grant Baker LLP

4. VALUATION METHODOLOGIES

Recent Financing Round	Price of most recent arm's-length round; applicable for 12–18 months post-financing unless material events indicate otherwise
Comparable Company	Public market comparables adjusted for illiquidity discount (typically 25–35% for early-stage)
Option Pricing Model	Applied when capital structure complexity warrants; assumptions documented in quarterly workpapers
Income / DCF	Used for later-stage or revenue-generating companies; limited application for seed/ Series A
Cost (NAV) Method	Applied when no reliable pricing signal is available; typically for seed investments within 6 months of initial investment
Recovery Analysis	Applied when impairment indicators are present

5. GOVERNANCE & CONTROLS

Investment professionals responsible for a portfolio company investment present supporting valuation analyses to the Valuation Committee. The Committee may request additional analysis or independent verification. All final valuations are approved by a majority of the Valuation Committee and documented in the quarterly valuation memo.

6. ILPA VALUATION PRINCIPLES ALIGNMENT

Aurora endeavors to comply with the ILPA Private Markets Valuation Principles (2022 edition) and the IPEV Valuation Guidelines. Any material deviations from these guidelines are disclosed to the LPAC.

7. RECORDKEEPING

Quarterly valuation workpapers, committee approvals, and supporting documentation are retained for a minimum of five years and are available for LPAC and investor review upon reasonable request.
