ERA Filing — CRD No. 312044 | ERA Filing since January 14, 2020

Document Date: November 28, 2025

CONFIDENTIAL: This document and all attachments contain proprietary and confidential information of Aurora Capital Management, LLC. Distribution is restricted to the intended recipient only. The information contained herein is accurate as of the date stated and is subject to

change. This document is intended for institutional investors and accredited investors only, and is not for retail distribution.

1. OVERVIEW AND SCOPE

This Written Information Security Policy ('WISP') establishes the information security program of Aurora Capital Management, LLC ('Aurora'). The WISP applies to all systems, data, and personnel of Aurora and is designed to protect the confidentiality, integrity, and availability of information assets, including non-public personal information ('NPI') and material non-public information ('MNPI').

2. INFORMATION SECURITY INFRASTRUCTURE

Managed IT Provider	Vantage Tech Partners — managed detection and response (MDR), SIEM, endpoint security
Endpoint Protection	EDR deployed on all company-managed devices; automatic threat response enabled
SIEM / Log Management	Security Information and Event Management platform managed by Vantage Tech Partners; 12-month log retention
Email Security	Cloud-based email security gateway; anti-phishing, DMARC, SPF/DKIM configured
Multi-Factor Authentication	MFA enforced for all cloud applications, email, VPN, and privileged access systems
VPN	Corporate VPN required for access to firm systems from non-corporate networks
Data Loss Prevention (DLP)	Endpoint DLP implementation planned for 2026
Phishing Testing	Monthly phishing tests planned; implementation timeline confirmed with Vantage Tech Partners

3. DATA CLASSIFICATION

Confidential	Fund financial data, investor NPI, MNPI, legal agreements, personnel records — access restricted to authorized personnel only
Internal Use Only	Operational reports, meeting notes, internal communications — accessible to all employees; not for external distribution
Public	Marketing materials, publicly filed documents — no access restrictions

4. ACCESS CONTROL

Access to Aurora's systems is granted on a least-privilege basis. Access rights are reviewed semi-annually by the IT Administrator and the CCO. Terminated employees' access is revoked within one business day of departure. Privileged administrator accounts are subject to additional authentication controls.

5. INCIDENT RESPONSE

Aurora maintains a separate Incident Response Plan that governs the identification, containment, eradication, recovery, and post-incident review of cybersecurity incidents. The IRP is reviewed and tested annually in coordination with Vantage Tech Partners. Investors and regulators are notified of material incidents in accordance with applicable law and fund documents.
